THE SCENT

CREATED BY A DOCTOR

Dr. Paolo Vranjes has always been fascinated by the power of scent. Growing up amid the fabrics and perfumes of his grandfather's trade, he often recalls:

"I was captivated by this world made of precious transparent bottles, containing rare and exciting aromas. I really wanted to know all their secrets."

Following his innate curiosity, Maestro Paolo pursued studies in chemistry, pharmacy and cosmetology. He founded the Antica Officina del Farmacista in 1983, which was later renamed Dr. Vranjes Firenze.

Fueled by Maestro Paolo's passionate experimentation, Dr. Vranjes is dedicated to perfecting the art of immersive perfumery using the precision of science and the essence of memory. Each of our blends is masterfully formulated, resulting in a suite of original fragrances that evoke luxury, comfort, and above all, the emotional connection that creates memories.

OLFACTORY PYRAMID

MILANO FRAGRANCE
